Objective

Data Analyst with hands-on project experience in Power BI , SQL, Python EDA and Excel. Looking for an entry-level role where I can turn raw data into clear, decision ready insights.

Skills

- **Data Analysis:** Exploratory Data Analysis (EDA), Statistical Analysis.
- **Programming & Databases:** Python, SQL, MySQL.
- **Data Visualization & Reporting:** Power BI, Excel, Matplotlib, Seaborn.
- **Libraries & Tools:** Pandas, NumPy, MySQL Workbench, GitHub.

Projects

Space Mission Performance & Cost Efficiency (Power BI)

- Examined mission success, cost efficiency, and scientific yield across mission types, targets, and launch periods.
- Used Power Query and DAX to prepare data, calculate performance KPIs, and build interactive dashboards.

AppVision - Analysis of Play Store Apps (SQL)

- Investigated app installation trends, rating patterns, and developer activity through SQL queries.
- Used MySQL joins, CTEs, CASE statements, and window functions to compare app performance across categories.

Airline Operations & Revenue Analysis (Python)

- Explored flight bookings, fare distribution, aircraft occupancy, and ticket revenue across 1M+ flight ticket records.
- Used Python, Pandas, and Matplotlib for data integration, exploratory analysis, and trend visualization.

Gaming Platform Player & Transaction Analysis (Excel)

- Examined player engagement, in-game purchases, revenue distribution, and session outcomes across regions.
- Used Excel formulas, PivotTables, PivotCharts, and slicers to compare player behavior and revenue patterns.

Education

Rajiv Gandhi University of Knowledge Technologies, Basar **2019 - 2025**
6-Year Integrated B.Tech in Computer Science and Engineering

Certifications

- Python(Basic) - HackerRank.
- SQL - Leetcode.
- Tech For Her - United Way Of Hyderabad (Sponsored by Wells Fargo).

Achievements

- Selected among the top 70 candidates from a pool of 1,500 students for a Tech For Her Training.
